

### digital bathroom scale

063-8709-8

### INSTRUCTIONS FOR USE

#### Specifications

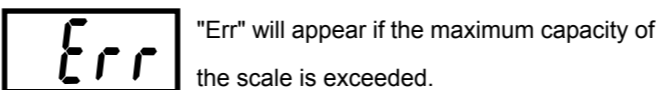

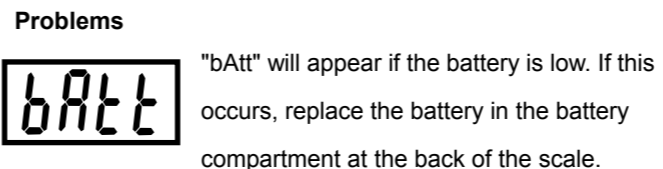

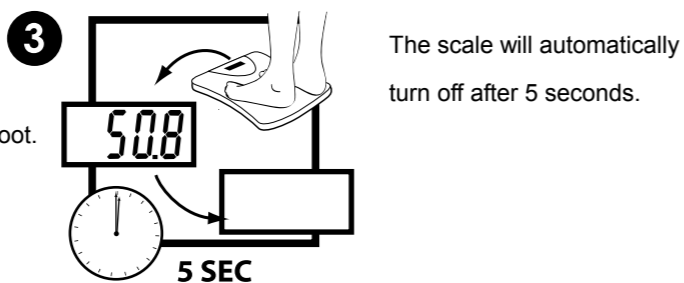

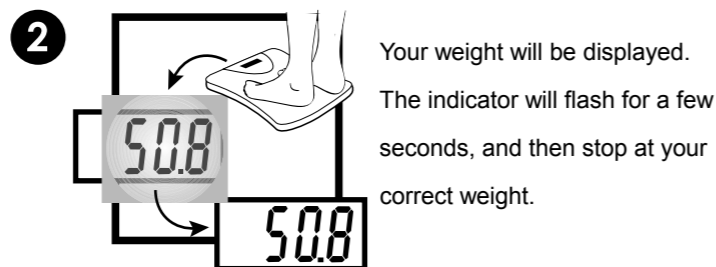

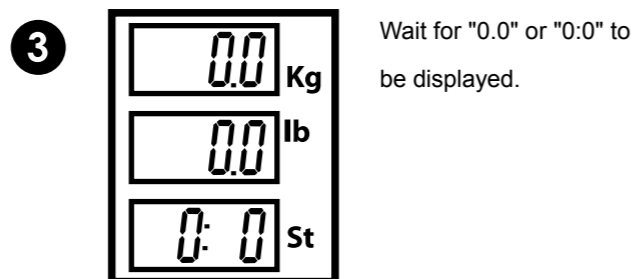

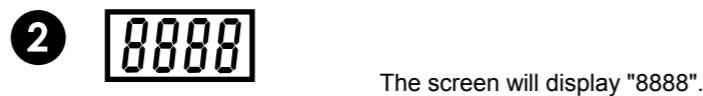

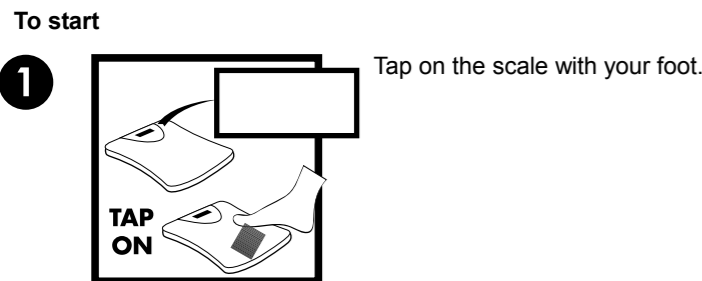

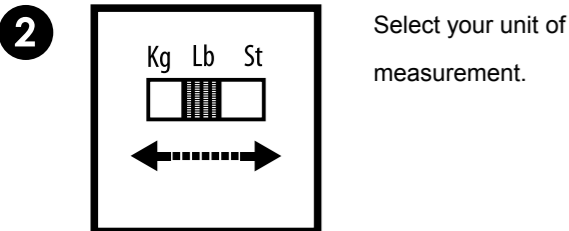

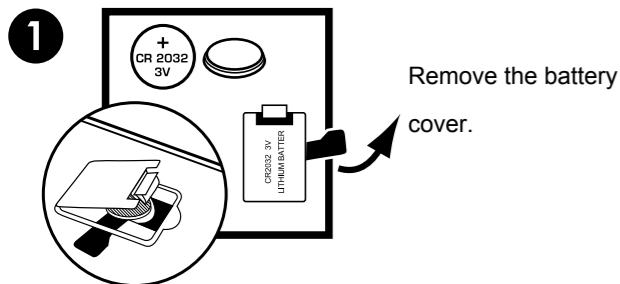

Power: 1 Lithium battery (included)

Graduation: 0.2 lb (100g)

Weight capacity: 330 lb (150 kg)

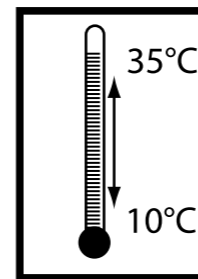

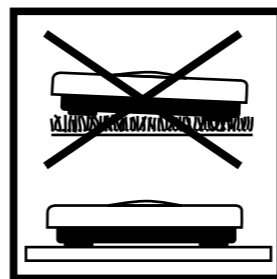

Dimensions: 11 1/2 x 12 x 1 1/4 " (28.5 x 30.2 x 3.3 cm)

#### Before starting

If the scale does not function properly, try cutting the power supply by removing the battery. Then replace the battery and start again.

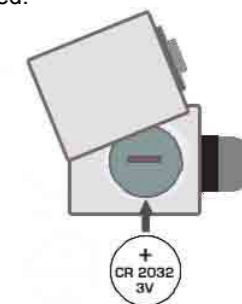

#### Use and Care

Imported by Trileaf Distribution Trifeuil Toronto, Canada M4S 2B8

#### Replace the batteries

Open the battery cover on the back of the measuring platform. Insert new lithium batteries as indicated.

Note: Be sure that the polarity of the batteries is set properly. If the batteries are incorrectly positioned the fluid may leak and damage floors. If you do not intend to use this unit for a long period of time, it is advisable to remove the batteries before storage.

"Do not dispose of batteries in fire. Batteries may explode or leak."

"Do not mix old and new batteries. Do not mix alkaline, standard (carbon - zinc), or rechargeable batteries."

"Please dispose the battery according to local municipal regulations."
